MEDIA CREDITS

- 2013 – BBC Grand Canyon expedition (filming Aug 2013 – BBC2)** Geologist on a new expedition in the Grand Canyon filming summer 2013 more info to follow.
- 2013 – Huffington Post Blog (on-line media)** Science expert blogger for Huffington Post.
- 2013 – Presenter - Firece Earth series 2 (CBBC – 10 x 30 Mins)** Shooting through spring 2013. Science program for children's TV (Due out fall 2013) (*produced in house BBC*).
- 2013 – ‘The year Britain flooded’ (Channel 4 – 60 Mins)** On-screen expert for quick turnaround documentary (aired early 2013) (*produced by PIONEER PRODUCTIONS*).
- 2012 – How the earth was made (10 episodes)** Earth Science expert (script advisor) and on-screen expert for Vesuvius episode (Due out 2013) (*produced by PIONEER PRODUCTIONS*).
- 2012 – Presenter - Firece Earth series 1 (CBBC – 10 x 30 Mins)** Shooting through summer-fall 2012. Science program for children's TV (Due out early 2013) (*produced in house BBC*).
- 2011 – ‘60 MINS special (Channel 9 – 60 Mins)** Shooting in October 2011. Special for the flagship ‘60 minute’ show on Channel 9 (Aired through 2012) (*produced by Daniel Keens*).
- 2011 – ‘ANCIENT X FILES – BOSNIAN PYRAMIDS’ (National Geographic)** On-screen expert/presenter investigating reported pyramids in Bosnia. (Aired through 2012) *Produced by WAG TV (Producer/director – William Hicklin)*.
- 2011 – ‘BIRTH OF EUROPE’ (National Geographic)** On screen earth scientist for water episode (Aired through 2012). *Produced by PIONEER PRODUCTIONS (Director – Matt Currington)*.
- 2010 – ‘RICHARD HAMMONDS JOURNEY TO.....’ (BBC)** Earth scientist research contributor and onsite volcanologist for Sicily shoot. *Produced by BBC (Director – Laura Warner)*.
- 2010 – ‘MEN OF ROCK’ (BBC)** Earth scientist research contributor and onsite volcanologist for Skye shoot. *Produced by BBC (Paul Overton)*.
- 2010 – ‘ONE SHOW’ (BBC1)** 2x Live appearances as ‘Dr Volcano’ reporting about volcanic crisis in Iceland.
- 2010 – ‘ICELAND VOLCANO: THE NEXT ERUPTION’ (Discovery/BBC worldwide)** Volcano on-screen expert on one off quick turn around about Iceland Volcanic Crisis Aired 16 May 2010. *Produced by ATLANTIC PRODUCTIONS (Producer/director – Oliver Page)*.
- 2010 – ‘BIRTH OF BRITAIN’ (Channel 4/Nat.Geo.UK)** Volcano expert on ‘Volcanic Britain’ episode of Tony Robinson's series 2010. *Produced by PIONEER PRODUCTIONS (Director - William Hicklin)*.
- 2010 – ‘SUPERCONTINENTS’ (National Geographic)** 2x 1hour 2010. On screen Earth Sciences Presenter including Vesuvius, Stromboli, Super-volcanoes and plate tectonics. *Produced by NATURAL HISTORY NEW ZEALAND (Director – Mike Ibeji)*.
- 2009 – ‘HOW THE EARTH WAS MADE – VESUVIUS’ (History Channel)** 1x 1hour On screen Earth Sciences Presenter on sections for Pompei and Herculaneum, onsite experiments Durham University. *Produced by PIONEER PRODUCTIONS (Director - Belinda Kirk)*.
- 2009 – ‘HOTTEST PLACE ON EARTH’ (BBC1, BBC World Wide, Discovery)** 2x 1 hour BBC1, 3x 1hour BBC Worldwide, 1x 1hour Discovery Channel. Co-presenter on Popular science expedition to see the volcanoes and people of the AFAR region in Ethiopia alongside Kate

Humble and Steve Leonard. *Produced by LION TV (Producer/Director – Rupert Smith, Katie Crawford, Justin Kelly, Max Shapira).*

2008 – ‘BRITAIN FROM ABOVE’ (BBC1) Geology expert in Episode 3 of Andrew Marr’s new BBC1 series. *Produced by LION TV (Director - Cassian Harrison).*

Other Media - LIVE work on TV, Radio (including BBC, SKY, ITV, national and international radio).

Contributions to written media through broadsheet and magazine interviews (Time Magazine, Guardian, Telegraph etc.). Numerous articles for popular earth science and peer reviewed scientific publications; highly experienced in public speaking with many invited talks about Science research and Science outreach activities.

LUFHANSA ADVERT - (Magazines, posters, billboards)

Popular writing – e.g. BBC NEWS website article about Hottest Place:

<http://news.bbc.co.uk/1/hi/sci/tech/7950845.stm>

RESEARCH TV Documentary of research trip to Antarctica:

<http://www.research-tv.co.uk/stories/science/antarctic/>

HUFFINGTON POST Science blogs by Prof Dougal Jerram:

<http://www.huffingtonpost.com/professor-dougal-jerram/>

Expeditions/major fieldwork

Extensive experience in the field on expeditions for science and media activities. Expedition-feildwork experience includes: Antarctica expedition to dry Valleys, Arctic Siberia, Arctic Norway, Jotenheimen Mountains Norway, Iceland, Ethiopia, Namibia, Angola, Iran, India, Americas, China, Australia & New Zealand.

Books:

The Field Description of Igneous Rocks, 2nd Edition by Dougal Jerram & Nick Petford, published by Wiley, 2011 ISBN 978-0-470-02236-8 (2011)

Introducing Volcanology: A Guide to Hot Rocks, by Dougal Jerram, published by Dunedin Academic Press, 2011 ISBN 978-1906716226 (2011)

Awards/Training/Certification

HSE Diving medical certified 2013 – Full medical for additional cert as well as PADI

US- I Visa 2012 (5 years) – Media visa for work in USA

The MURCHISON FUND award of the Geological Society 2006 - for innovative research in textural analysis, volcanology and 3D modelling – recognition of research excellence

Teaching Excellence Award – University of Durham 2002. recognition for teaching skills

Royal Society – Science in the media course 2007 run by Judith Hann.

Skills/Experience

I am an expert in Earth Sciences, covering all aspects of the Earth and landscape/physical geography, with specialisation in field geology, reading the landscape and volcanoes. I have extensive experience of expeditions both related to Earth Science and General Outdoors. High level Skiing, PADI diving qualified (including HSE diving cert 2013). Extensive travel worldwide and confident leader, on-screen presentation, Interviewer/interviewee, and action adventurer.
